### **Mission:**

The Lumberton Football Association Quarterback Club serves as the support system and fundraising arm for Lumberton High School and its feeder programs including Lumberton Junior High School and Lumberton Football Association.

### **Background and History:**

In 2005, several people in Lumberton held a meeting to address the football situation. What they found was a program in disarray starting at Lumberton High School and continuing all the way down to the flag football level. As a result of this meeting, Lumberton Football Association was born.

In its first year under the leadership of LFA President Mike Brill (who was later hired to lead the Lumberton High football program), LFA more than doubled the number of youth playing football in the city program and purchased over \$100,000 in new equipment.

After four years, we are starting to see the results of LFA's efforts at the high school level. During the 2008 season, Lumberton's Varsity team went into the second round of the state playoffs. The Junior Varsity team is coming off back to back conference championships finishing 9-2 last year. In 2009, we will see Lumberton High School field a 9<sup>th</sup> grade football team for the first time in several years. At the Junior High, there will be more than 60 kids playing football. In LFA, which is kids who are ages 6-12, we will have approximately 250 kids suiting up to play football. The 6-7 years olds will learn the fundamentals playing flag football. The 8-12 year olds will learn the fundamentals of tackle football before moving on the Junior High.

Lumberton High School now has a weightlifting program that is producing some big time results. During the summer workout season, a couple of up and coming 9<sup>th</sup> graders were dead lifting over 350 pounds. Players who can bench press over 250 pounds are no longer rare, they are the standard.

**Future Vision:**

The LFA's "Vision for Football" capital campaign has and will continue to be the driving force behind the entire program. However, we have learned that there a great many of you willing to contribute but understandably cannot at the "Vision Levels". As our cost continues to increase, your support in any form is becoming increasingly important. We are looking for people who are passionate about football in Lumberton to join our sister organization, which is named Lumberton Football Association Quarterback Club. First year dues will be \$125 and includes an IZOD shirt with the Lumberton Football Association Quarterback Club logo embroidered on it. Dues thereafter will be \$100 annually. The first 100 members will receive the special designation of "Charter Members" that will be embroidered on the shirt as well. All proceeds from membership dues will go to supporting all levels of football in Lumberton.

We also have some exciting events we are planning for members of the Quarterback Club. There will be a tailgating event prior to the Homecoming game this year, an end of season football banquet, and a casino night at Pinecrest Country Club in January 2009. With your support, we can make these annual events

We are asking you to support Lumberton football thru your membership in the Quarterback Club so we can keep this recent success going. Please see the attached membership application.

Sincerely,

Lumberton Football Association  
Quarterback Club Membership Committee
